

# PREPARING YOU FOR THE 21 DAY PURIFICATION PROGRAM WORKSHOP

**Program Speaker: Abigail McDonald** Standard Process Territory Sales Manager  
**Sponsored by Dr. Johanne Edwards** at the Natural Healing Center in Fenton, Michigan

**Purification, also known as detoxification, can help you remove natural toxins from your body and help maintain a healthy weight.**

We are exposed to external toxins on a daily basis. These include pollutants, pesticides, and chemicals Internally, our bodies produce waste byproducts as a result of normal metabolic function Although your body is designed to rid itself of these toxins naturally, it can become overburdened Purification offers your body additional support to expel and metabolize these toxins and manage weight, which is important to maintaining your health and vitality \*

**Toxins can contribute to a wide range of conditions:**

- Stuffy head
- Fatigue or difficulty sleeping
- Indigestion or other temporary gastrointestinal upset
- Food cravings or weight gain
- Reduced mental clarity
- Low libido
- Skin issues and joint discomfort
